

مهندسی عمران، آب و محیط زیست / مهندسی منابع آب

آزاده احمدی

شماره تماس:

رایانامه: az_ahmadi@sbu.ac.ir

وب سایت:

پروفايل علم سنجی:

تحصیلات

■ دکتری: دانشگاه تهران، مهندسی عمران

علايق پژوهشی

■ مدیریت و برنامه ریزی منابع آب

فعالیت‌های اجرایی

■ عضویت در هیات تحریریه ژورنال، ۱۳۹۸-۱۴۰۲

مقالات علمی چاپ شده در مجلات

- Market-based groundwater resources allocation mechanism: An inter-sectoral water exchanges programming analysis
Mohammad Amin Zolfagharipoor, Azadeh Ahmadi, Alireza Nikouei
Water Resources and Economics, Vol.37, 2022
- Future runoff assessment under climate change and land-cover alteration scenarios: a case study of the Zayandeh-Roud dam upstream watershed
Azadeh Ahmadi, Jamshid Jalali, Ali Mohammadpour
Hydrology Research, Vol.53, pp. 1372-1392, 2022
- Assessment of the uncertainties of global climate models in the evaluation of standardized precipitation and runoff indices: a case study
Nillofar Salimian, Sara Nazari, Azadeh Ahmadi
HYDROLOGICAL SCIENCES JOURNAL-JOURNAL DES SCIENCES HYDROLOGIQUES, Vol.66, pp. 1-18, 2021
- Bottom-up capping (BUC) policy under bargaining techniques for inter-sectoral groundwater trading: a case study from Iran
Mohammad Amin Zolfagharipoor, Azadeh Ahmadi, Alireza Nikouei
Water Policy, Vol.23, pp. 912-929, 2021
- Agent-based modeling of participants' behaviors in an inter-sectoral groundwater market
Mohammad Amin Zolfagharipoor, Azadeh Ahmadi
JOURNAL OF ENVIRONMENTAL MANAGEMENT, Vol.299, pp. 113560-113573, 2021
- Optimal water allocation of the Zayandeh-Roud Reservoir in Iran based on inflow projection under climate change scenarios
Fatemeh Saedi, Azadeh Ahmadi, Karim C. Abbaspour
Journal of Water and Climate Change, Vol.12, pp. 2068-2081, 2021

■ **Runoff responses to human activities and climate change in an arid watershed of central Iran**

Jamshid Jalali, Azadeh Ahmadi, Karim Abbaspour

HYDROLOGICAL SCIENCES JOURNAL-JOURNAL DES SCIENCES HYDROLOGIQUES, Vol.66, pp. 2280-2297, 2021

■ **Application of non-cooperative dynamic game theory for groundwater conflict resolution**

Sara Nazari, Azadeh Ahmadi, Saeed Kamrani Rad, Babak Ebrahimi

JOURNAL OF ENVIRONMENTAL MANAGEMENT, Vol.270, pp. 110889-110900, 2020

■ **A dynamic model of water resources management using the scenario analysis technique in downstream of the Zayandehroud basin**

Azadeh Ahmadi, Sayed Ali Ohab-Yazdi, Nima Zadehvakili, Hamid Reza Safavi

INTERNATIONAL JOURNAL OF RIVER BASIN MANAGEMENT, Vol.17, pp. 451-463, 2019

■ **The future of extreme climate in Iran**

Saeid Ashraf Vaghefi, Malihe Keykhai, Farshid Jahanbakhshi, Jaleh Sheikholeslami, Azadeh Ahmadi, Hong Yang, Karim C. Abbaspour

Scientific Reports, Vol.9, pp. 1464-1475, 2019

■ **Non-cooperative stability assessments of groundwater resources management based on the tradeoff between the economy and the environment**

Sara Nazari, Azadeh Ahmadi

JOURNAL OF HYDROLOGY, Vol.578, pp. 124075-124087, 2019

■ **Stability Analysis of Stakeholders' Cooperation in Inter-Basin Water Transfer Projects: a Case Study**

Azadeh Ahmadi, Mohammad Amin Zolfagharipoor, Ali Akbar Afzali

WATER RESOURCES MANAGEMENT, Vol.33, pp. 1-18, 2019

■ **Using the agent-based model to simulate and evaluate the interaction effects of agent behaviors on groundwater resources, a case study of a sub-basin in the Zayandehroud River basin**

Sayed Ali Ohab-Yazdi, Azadeh Ahmadi

SIMULATION MODELLING PRACTICE AND THEORY, Vol.87, pp. 274-292, 2018

■ **Assessment of input data selection methods for BOD simulation using data-driven models: a case study**

Azadeh Ahmadi, Zahra Fatemi, Sara Nazari

ENVIRONMENTAL MONITORING AND ASSESSMENT, Vol.190, pp. 239-256, 2018

■ **Development of a Hybrid Algorithm for the Optimal Design of Sewer Networks**

Azadeh Ahmadi, Mohammad Amin Zolfagharipoor, Mohsen Nafisi

JOURNAL OF WATER RESOURCES PLANNING AND MANAGEMENT-ASCE, Vol.144, 2018

■ **Effluent trading in river systems through stochastic decision-making process: a case study**

Mohammad Amin Zolfagharipoor, Azadeh Ahmadi

ENVIRONMENTAL SCIENCE AND POLLUTION RESEARCH, Vol.24, pp. 20655-20672, 2017

■ **Evapotranspiration Estimation Using Remote Sensing Technology Based on SEBAL Algorithm**

Mehrdad Abrishamkar, Azadeh Ahmadi

Iranian Journal of Science and Technology -Transaction of Civil Engineering, Vol.41, pp. 65-76, 2017

■ **Social resolution of conflicts over water resources allocation in a river basin using cooperative game theory approaches: a case study**

Milad Mehrparvar, Azadeh Ahmadi, Hamid Reza Safavi

INTERNATIONAL JOURNAL OF RIVER BASIN MANAGEMENT, Vol.14, pp. 33-45, 2016

■ **Design and Evaluation of Irrigation Water Pricing Policies for Enhanced Water Use Efficiency**

Sayed Ali Ohab-Yazdi, Azadeh Ahmadi

JOURNAL OF WATER RESOURCES PLANNING AND MANAGEMENT-ASCE, Vol.142, 2016

■ **A decision-making framework for river water quality management under uncertainty: Application of social choice rules**

Mohammad Amin Zolfagharipoor, Azadeh Ahmadi

JOURNAL OF ENVIRONMENTAL MANAGEMENT, Vol.183, pp. 152-163, 2016

■ Groundwater Vulnerability Assessment Using Fuzzy Logic: A Case Study in the Zayandehrood Aquifers, Iran

Farshad Rezaei, Hamid R Safavi, Azadeh Ahmadi
ENVIRONMENTAL MANAGEMENT, Vol.51, pp. 267-277, 2013

■ Identification of dominant sources of sea level pressure for precipitation forecasting over Wales

Azadeh Ahmadi, Dawei Han
JOURNAL OF HYDROINFORMATICS, Vol.15, pp. 1002-1021, 2013

■ Input data selection for solar radiation estimation

Azadeh Ahmadi, Dawei Han, Mohammad Karamouz, Renji Remesan
HYDROLOGICAL PROCESSES, Vol.23, pp. 2754-2764, 2009

■ توسعه چارچوب بازار آب بین بخشی برای ارتقای بازدهی اقتصادی مصرف آب زیرزمینی

محمدامین ذوالفقاری پور، آزاده احمدی، علیرضا نیکویی

تحقیقات منابع آب ایران، نسخه ۱۶، صفحات: ۳۳۲-۳۴۶، ۱۳۹۸

■ چالشها و ملاحظات حقوق بازار آب محلی، مطالعه موردی: دشت اصفهان-برخوار

آزاده احمدی، محمدامین ذوالفقاری پور، بابک ابراهیمی

تحقیقات منابع آب ایران، نسخه ۱۴، صفحات: ۱۳۷-۱۴۸، ۱۳۹۷

■ تحلیل پایداری در تسهیم آب رودخانه های مرزی با استفاده از نظریه بازی، مطالعه موردی: رودخانه هریرود

علی شوقی جوان، آزاده احمدی

تحقیقات منابع آب ایران، نسخه ۱۴، صفحات: ۱۰۸-۱۱۹، ۱۳۹۷

شبه سازی رفتار عاملهای موثر در مدیریت منابع آب جهت ارزیابی تعاملات آنها تحت چارچوب مدلسازی عامل بنیان در محدوده لنجانات حوضه

■ زاینده رود

سیدعلی اوهب یزدی، آزاده احمدی

تحقیقات منابع آب ایران، نسخه ۱۴، صفحات: ۱۳۴-۱۴۹، ۱۳۹۶
